UNDER OUR CARE, THERE'S  
COMFORT

Surrounding families with  
**COMFORT, QUALITY  
AND DIGNITY**  
during life's final months.

It's what Arbor Hospice is all about. Our goal is helping patients with a life-limiting illness focus on what's important to them.

**We recognize that often it's the simple things in life that mean the most**—being able to enjoy a walk outside, staying in your own home, sharing a cup of coffee with a friend or reminiscing with family.

---

By addressing the symptoms, stress and fears most commonly associated with end of life, *patients and their families can enjoy their time together.*

---

**Arbor Hospice has provided compassionate care to patients** and their families throughout southeast Michigan since 1984. Our team includes more than 100 end-of-life specialists as well as more than 150 dedicated volunteers.

As a not-for-profit organization, Arbor Hospice's singular focus is on providing the best quality care possible, personalized to meet the needs and wishes of each patient. We apply our experience to keep the patient comfortable, teach the family to provide care, and offer emotional and spiritual support.

## HOW DOES ARBOR HOSPICE help my family?

Under our care, there's confidence. Perhaps the biggest issue family members worry about is their ability to care for a loved one at home. Arbor Hospice empowers families to care for their loved one wherever the patient calls home by providing:

### Arbor Hospice is HOLISTIC

- Expert medical care from physicians and nurses
- Assistance for activities, such as bathing and changing bed linens
- Emotional and spiritual support from counselors and social workers
- Medications and medical equipment related to treating symptoms of the terminal illness
- Complementary therapies, including music, massage and pet visits
- Education and training for family caregivers

When families begin receiving care from Arbor Hospice, they become assured our team is able to anticipate their needs and is only a phone call away.

24 hours  
a day,

365 days  
a year.

## WHEN SHOULD I CALL Arbor Hospice?

Under our care, there's guidance. The decision to request Arbor Hospice is a personal one, but most of our families tell us they wish they had made the decision sooner. Ideally, care from Arbor Hospice should begin as soon as the focus of treatment changes from curing the disease to providing comfort care. Consider Arbor Hospice if:

- Treatment will no longer cure the disease
- Activities of daily living, such as bathing, dressing and walking, have become difficult
- Symptoms are increasingly uncomfortable or difficult to manage

## WHO PAYS FOR Arbor Hospice?

Under our care, there's peace. Arbor Hospice is fully covered by Medicare, Medicaid and most private insurance companies. As a not-for-profit organization, we admit patients based on need, not ability to pay.
